

# Hello! I'm Patricia Musgrove

## About Me

A little bit about me I love to read in my free time, I also love to golf! Normally in the summer-fall I golf almost seven days a week! I also have a degree for Veterinary Assistant (yes, I love any and all animals!) But I always knew teaching children was my go-to career. I chose childcare because I am hoping to be the reason a child has a good school life to look back on. I also want to be an influence in children's lives!
